1 Lege, male und rechne.

Two rows of ten circles each, representing the number 10.

10 - 2 =

Two rows of ten circles each, representing the number 10.

10 - 6 =

Two rows of ten circles each, representing the number 10.

10 - 8 =

Two rows of ten circles each, representing the number 11.

11 - 7 =

Two rows of ten circles each, representing the number 11.

11 - 8 =

Two rows of ten circles each, representing the number 11.

11 - 9 =

Two rows of ten circles each, representing the number 12.

12 - 4 =

Two rows of ten circles each, representing the number 12.

12 - 6 =

Two rows of ten circles each, representing the number 12.

12 - 8 =

Two rows of ten circles each, representing the number 13.

13 - 2 =

Two rows of ten circles each, representing the number 13.

13 - 3 =

Two rows of ten circles each, representing the number 13.

13 - 4 =

Two rows of ten circles each, representing the number 14.

14 - 0 =

Two rows of ten circles each, representing the number 14.

14 - 2 =

Two rows of ten circles each, representing the number 14.

14 - 4 =

Two rows of ten circles each, representing the number 15.

15 - 2 =

Two rows of ten circles each, representing the number 15.

15 - 3 =

Two rows of ten circles each, representing the number 15.

15 - 5 =

Two rows of ten circles each, representing the number 16.

16 - 1 =

Two rows of ten circles each, representing the number 16.

16 - 2 =

Two rows of ten circles each, representing the number 16.

16 - 4 =

Two rows of ten circles each, representing the number 17.

17 - 0 =

Two rows of ten circles each, representing the number 17.

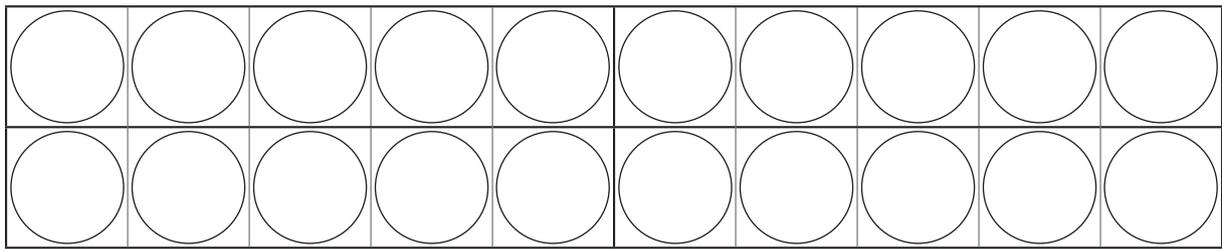

17 - 1 =

Two rows of ten circles each, representing the number 17.
